

Sports Premium Spend Plan

Academic Year: 2020-2021	Total fund allocated: £17,775
---------------------------------	--------------------------------------

PE and Sport Premium

Schools must use the funding to make additional and sustainable improvements to the quality of PE and sport they offer. This means that you should use the premium to:

- develop or add to the PE and sport activities that your school already offers
- make improvements now that will benefit pupils joining the school in future years

For example, you can use your funding to:

1. hire qualified sports coaches to work with teachers.
2. provide existing staff with training or resources to help them teach PE and sport more effectively
3. introduce new sports or activities and encourage more pupils to take up sport
4. support and involve the least active children by running or extending school sports clubs, holiday clubs and Change4Life clubs
5. run sport competitions
6. increase pupils' participation in the School Games
7. run sports activities with other schools
8. ensure children are able to swim 25m confidently and with confidence

Due to COVID19, some elements of the spend plan had to be postponed and will take place in the academic year of 2020 – 2021.
